CAREER OBJECTIVE

Full-stack development focused Information Technology undergraduate with hands-on experience building responsive web applications, REST APIs, database integration, and AI-powered tools. Seeking a software engineering internship to contribute to scalable SaaS products and AI-assisted development workflows. Passionate about system design, clean code architecture, and delivering impactful real-world solutions.

EDUCATION

Bachelor of Technology, Information Technology

Vidya Pratishthan's Kamalnayan Bajaj Institute of Engineering and Technology

2023 – 2027

CGPA: 7.99 / 10.0

Senior Secondary (Class XII) – CBSE

Sainik School Satara

2022 – 2023

Percentage: 76.60%

Secondary (Class X) – CBSE

Sainik School Satara

2020 – 2021

Percentage: 75.60%

TECHNICAL SKILLS

Programming Languages: JavaScript, Python, C++

Frontend Development: HTML, CSS, React.js, Tailwind CSS

Backend Development: Node.js, Express.js, REST APIs, JWT Authentication

Databases: MongoDB, MySQL

Core CS Concepts: Data Structures & Algorithms, OOP, DBMS, Client-Server Architecture

Tools & Platforms: Git, GitHub, Postman, VS Code, Netlify, Vercel, Render

PROJECTS

AI DSA Mentor | React.js, Node.js, Express.js, OpenAI API, Tailwind CSS

GitHub

- Built an AI-powered DSA learning assistant capable of generating personalized hints, explanations, and code reviews for algorithm problems.
- Designed an interactive chat-based learning interface that improved user engagement by approximately 30% through streamlined navigation, difficulty filtering, and session history.
- Developed a scalable Node.js and Express.js backend enabling efficient handling of multiple concurrent API requests and smooth user interactions.
- Integrated OpenAI APIs to deliver context-aware guidance, helping users understand algorithms and problem-solving approaches more effectively.

Shopify CRM Dashboard | React.js, Tailwind CSS, Recharts, Node.js

GitHub

- Built a responsive SaaS-style CRM dashboard featuring customer management, order tracking, webhook monitoring, and revenue analytics.
- Implemented reusable React components and optimized state management, reducing UI development effort by nearly 25%.
- Developed interactive revenue analytics dashboards using Recharts, improving data visibility and dashboard usability by approximately 30%.
- Implemented search, filtering, toast notifications, dark mode, and responsive sidebar navigation to enhance overall user experience.

CERTIFICATIONS

- **NPTEL:** Python for Data Science – IIT Madras
- **NPTEL:** Programming in Java – IIT Kharagpur
- **Cisco:** Operating Systems, Computer Hardware Basics, Introduction to IoT and Digital Transformation
